

- What degree program and concentration should I select?
- What are the time commitments and how quickly will I be able to complete my degree?
- What will it cost? Is the undergraduate book grant available to me?
- How can I affordably finance my education?
- Will any of my prior training or academic courses transfer toward a degree at APU?
- Is online education right for me?
- How does online education work?
- Can I take just one class instead of signing up for a semester to see if I like the program and online format?

At American Public University, we are committed to helping you succeed in your college career. Please contact our Enrollment Services team at **1-877-777-9081** or **info@apus.edu** to answer your questions or to learn more about our programs and support teams.

We want you to make an informed decision about the university that's right for you. For more about the graduation rate and median debt of students who completed each program, as well as other important information—visit www.APUS.edu/disclosure/TLM.

Transportation and Logistics Management (TLM) Programs at American Public University (APU)

These programs provide students with the foundational knowledge that supports global air, maritime, and intermodal logistics and transportation systems. Our students will learn cutting edge processes and the applicability of global standards in public and private sector transportation and logistics management. The convergence of multiple disciplines including information technology, emergency and disaster management, homeland security, and more lead to multiple career options for students completing any of the following programs:

TRANSPORTATION LOGISTICS MANAGEMENT - ASTL approved (part of the PLS Waiver School Program)

Bachelor of Arts in Transportation and Logistics Management: 121 semester hours (40 courses)

In addition to a general concentration, concentrations are offered in:

- Air Cargo
- Reverse Logistics Management

Master of Arts in Transportation and Logistics Management: 36 semester hours (12 courses)

In an addition to a general concentration, concentrations are offered in:

- Maritime Engineering Management
- Reverse Logistics Management

REVERSE LOGISTICS MANAGEMENT

Bachelor of Arts in Reverse Logistics Management: 121 semester hours (40 courses)

Courses include:

- Green Logistics Programs and Issues
- Reverse Logistics Data and Security Resilience
- Recalls Best Practices and Issues
- Leadership and Motivation

Master of Arts in Reverse Logistics Management: 36 semester hours (12 courses)

Courses Include:

- Practical Applications in Economics Analysis
- Resource Commitment and Performance in Reverse Logistics
- Reverse Logistics and Hazardous Materials
- Recalls and Returns Management

Graduate Certificate in Logistics Management: 18 semester hours (6 courses)
