

- What degree program and concentration should I select?
- What are the time commitments and how quickly will I be able to complete my degree?
- What will it cost? Is the undergraduate book grant available to me?
- How can I affordably finance my education?
- Will any of my prior training or academic courses transfer toward a degree at APU?
- Is online education right for me?
- How does online education work?
- Can I take just one class instead of signing up for a semester to see if I like the program and online format?

At American Public University, we are committed to helping you succeed in your college career. Please contact our Enrollment Services team at **1-877-777-9081** or **info@apus.edu** to answer your questions or to learn more about our programs and support teams.

We want you to make an informed decision about the university that's right for you. For more about the graduation rate and median debt of students who completed each program, as well as other important information—visit www.APUS.edu/disclosure.

Public Health Programs at American Public University (APU)

APU's public health programs offer a professionally focused examination of issues in America and abroad including the science, psychology, and sociology associated with public health issues. Students will study public law, policy, and administration associated with the effective and efficient administration of public health and will learn of the health system, its management, finances, and structure. Inclusion of the concentration courses will create skilled public health professionals who could provide service to the public health community in these vital areas.

Associate of Science in Public Health: *62 semester hours (20 courses)*

Bachelor of Science in Public Health (with a concentration in Health and Wellness): *121 semester hours (39 courses)*

Courses include:

- Chemical, Biological, and Radiological Hazards
- Consequence Management
- Emergency and Disaster Incident Command
- Emergency Planning
- Health Services Organization
- Intelligence and Homeland Security
- Introduction to Health Care Administration
- Psychology of Addiction and Substance Abuse
- Risk Communications
- Special Operations in Emergency Medical Service

Master of Public Health*: *47 semester hours (15 courses)*

Courses include:

- Disaster Health Management
- Epidemiology
- Health Care Administration
- Public Health and Environment
- Public Health in America
- Quarantine
- Research Methods in Public Health
- Social and Behavioral Aspects of Health

**This program has specific admission requirements. For more information, visit www.apus.edu/catalog.*
